

Corporate Social Responsibility Activities

Supporting 355 government schools covering about **90,000** students.

The company now has set a target of reaching **2,00,000** students in 500 government schools by 2022.

Corporate Social Responsibility Activities

As a part of realizing its corporate social responsibility, Modi Builders is helping enhance government schools situated within Telangana that cater to children in all age groups. These schools need basic facilities and infrastructure urgently, so students have better conditions to study in. So far, we have helped over 90,000 students in 355 government schools by providing basic infrastructure and facilities.

Basic Infrastructure:

- Power connection, electrification, fans, lights etc.
- Drainage and bathrooms
- Water connection
- Drinking water works
- Civil repairs, water proofing, painting
- Pad vending machine
- Carpentry and other miscellaneous works
